### Our Focus

Here at *Carbon Life* we believe that any action taken to address Climate Change should benefit both the Client & the Environment. Whilst we all have the conscience to do the right thing it is also imperative that any decision is right for your business and future.

With this in mind, *C.L.E.V.E.R. CO2e* directly & indirectly ensures that your organisation will not only make a lasting contribution to GHG Mitigation but will endorse your company's brand and market position

### *Carbon Life Ltd & C.L.E.V.E.R. CO2e*

offers the opportunity for any business to become involved in Climate Change.

Our models are designed to remove the restrictive barriers currently existing in the Green Sector, Focusing on taking your business to the market, without forcing the market on your business.

By isolating revenue streams not currently available to the client, *C.L.E.V.E.R. CO2e* can offer *Low to Zero Cost* Solution

#### **C.L.E.V.E.R. Sustainability**

*C.L.E.V.E.R. Sustainability* supports "Green" investment into Local community projects, developed specifically to support your Environmental Ambitions. Mitigation, Awareness, Education

#### **C.L.E.V.E.R. Offsetting**
